Sir:

REMARKS

Applicant offers the following comments in response to the Examiner's Statement of Reasons for Allowance set forth on page 2 of the Notice of Allowability dated June 11, 2009.

Examiner acknowledges that the claims are allowable because certain features therein are not taught or suggested by the prior arts even if the prior arts disclose other features of the claims. However, the language used by the Examiner in describing the other features is not the same as the language contained in all of the claims.

Accordingly, Applicant submits that each individual claim is allowable based on its own language, and not based on any language different from the claim or a paraphrased language that

may be made by the Examiner. If the Examiner disagrees with Applicant's position, Applicant respectfully request the Examiner to reopen prosecution.

Respectfully submitted,
